MEMORANDUM FOR: Director of Security

SUBJECT: Possible Exposure of CS Personnel

REFERENCE: DCI Memorandum, 20 May 1964, for all employees on the Kennedy Library (unclassified)

1. Referenced memorandum concerns the Kennedy Library, and notes: "Special lists have been prepared for contributors to sign so that their participation can be made part of the Library's archives. For reasons of security, the lists will be retained by the Agency, but will be released ultimately to the Library."

2. I have checked with [REDACTED] of the Director's office and have confirmed my understanding that the Director's intention is that the list of Agency names will not be released to the Library for a long period of time (at least 20 or 30 years) and that any decision to release the lists to the Library will be made entirely unilaterally by the Agency in light of security considerations at the time. I bring this matter to your attention in order to avoid any misunderstanding as to the interpretation of the word "ultimately" in the Director's memorandum and in the interests of the security of our personnel.
